Bible Verses on

June - Jealousy and Envy

June 2022 Bible Reading and Writing Plan

Take a few moments each day to read the verse for that day. It is also helpful to read the verses around it for context. Meditate on the verses and pray over them asking God to reveal what He wants to teach you through the scriptures. Keep a journal about how jealousy and envy may have impacted your life and ways you may use these verses in prayer to help during times of envy.
